

Airport to Relocate Cell Phone Lot November 18

Rental Car Road Closes Permanently to the Public Thanksgiving Week

November 9, 2017 - Charlotte Douglas International Airport's free Cell Phone Lot will relocate adjacent to Long Term Lot 1 on Saturday, November 18. Drivers may enter the 150-space lot directly off Josh Birmingham Parkway.

The current Cell Phone Lot (located off Old Dowd Road) will close November 17 and eventually convert into Long Term Lot 1 parking spaces. CLT's Cell Phone Lot is used by drivers as a waiting area when picking up family and friends from the Airport.

The new location will give drivers direct access to the terminal via Josh Birmingham Parkway. It contains one center aisle, making it easy to enter and exit. Signage will be in place to direct visitors to the lot. Airport staff will be on hand for additional assistance during the holidays.

Closure of Rental Car Road to the Public

To ease traffic congestion, CLT also is permanently closing Rental Car Road to the public on Monday, November 20. Access will be given only to authorized vehicles. Drivers headed to the terminal must use Josh Birmingham Parkway.

See the attached map for more details.
