

More Ways to Park, Save Money and Time

CLT Express Deck Self-Park to Open for Online Booking Only

Just in time for spring break, the new Express Deck Self-Park (formerly known as Express Deck 2) will be available to book online only starting March 1 for arrivals beginning March 23. Customers can book online by visiting parkCLT.com or on the CLT Airport app.

The daily maximum cost for Express Deck Self-Park will not exceed \$16 online, but the price may be lower the further in advance you book.

To access the deck after booking, turn in to the entrance off Harlee Ave. and follow the yellow signage to Express Deck Self-Park (located at 5633 Wilkinson Blvd., Charlotte, N.C.). Next, present the parking attendant the QR code sent through email for entry into the deck to self-park.

Express Deck Self-Park is located next to Express Deck Preferred (formerly Express Deck 1, located at 5625 Wilkinson Blvd., Charlotte, N.C.). A shared shuttle bus in front of Express Deck Preferred will transport customers of both decks to and from the terminal.

CLT continues to modernize its parking facilities by providing quick and easy parking options. All other Airport lots and decks include spaces for drive-up customers (first come, first served) and those who book their parking online ahead of time. The benefits of booking parking online are savings up to 60%, and it guarantees availability of your preferred parking option.

Overall, CLT provides more than 21,000 public parking spaces.
